

Water-in-oil emulsion to nourish and regenerate dry and exposed skin, with a pleasant and fresh scent.

esemtan[®] body lotion

Our Plus

- moisturising water-in-oil emulsion
- regenerates dry skin

Application areas

In order to maintain the skin intact when it is dry, it is recommended to use esemtan[®] body lotion because of the richness of water-in-oil preparations, after end of work, after strongly skin-stressing activities or at night. esemtan[®] body lotion is also appropriate to nourish dry and aging skin.

Product Profile

- easy-spreading
- absorbs quickly

Instructions for use

Apply esemtan[®] body lotion to the skin and rub it in gently.

In order to ensure a hygienic use, using dosing pumps or dispensers is recommended.

esemtan[®] body lotion
