

Oil-in-water emulsion to protect and nourish especially exposed skin.

esemtan® hand emulsion

Our Plus

- hand emulsion is quickly absorbed by the skin
- protects and nourishes the hand by means of allantoin and bisabolol
- pleasant scent thanks to discreet perfume

Application areas

Rub it in gently to protect the skin before and, if necessary, after skin-stressing activities.
If required, it can also be rubbed in gently to nourish the skin.

Product Profile

- easy-spreading
- does not affect the disinfection effect, e.g. during hand disinfection desderman® pure

Instructions for use

Apply esemtan® hand emulsion to the back of one hand and spread it, first from one back to the other back of the hand and then also to the palms of the hands.
In order to ensure a hygienic use, using dosing pumps or dispensers is recommended.

esemtan[®] hand emulsion
